### **Wilkinson Named John Deere's Vice President, Worldwide Forestry and Business Development**

John Deere's Worldwide Construction & Forestry Division has implemented organizational changes to enhance its focus on forestry customers.

The changes include the appointment of Martin L. Wilkinson to the position of Vice President, Worldwide Forestry and Business Development in the Worldwide Construction & Forestry Division. In his expanded role, Wilkinson assumes responsibility for the division's forestry business worldwide, while retaining his responsibilities for business development, strategic planning and communications.

Wilkinson has held a variety of executive positions with Deere including work in the disciplines of business development, renewable energy, information technology, manufacturing, strategic planning, finance and accounting.

### **Sonsray Machinery Acquires 11 Case Power & Equipment Locations**

Case Construction Equipment entered into an agreement with Sonsray Machinery, LLC, of Los Angeles, under which Sonsray Machinery will acquire and operate 11 Case dealership branch office locations in California, Nevada, Oregon and Washington.

Previously owned and operated by Case Power and Equipment, a subsidiary of CNH Construction Equipment, the Sonsray Machinery locations stretch from the San Diego area in Southern California to the Seattle area in Washington.

Sonsray Machinery will provide comprehensive sales, as well as parts and service support for Case customers through branch offices in El Cajon, Fontana, Santa Fe Springs, Sacramento, Stockton and Redding, Calif.; Sparks, Nev.; Portland and Salem, Ore.; and Auburn and Marysville, Wash.
